

# JuLi™ 5.0

*Intelligent Hydration Infrastructure*

## Hydration is the last analog infrastructure.

JuLi™ 5.0 transforms it into a connected, AI-powered platform—eliminating outdated systems and single-use packaging while reducing cost and logistics by up to 70%.

### *Why JuLi™ 5.0 Wins*

- Fully self-contained, plug-and-play system
- Installation in ~20 minutes
- Proprietary micro-dose technology (~200:1)
- Up to 6 flavors, waters, cold brew coffee, tea, and functional enhancements
- Hot, cold, ambient, and sparkling beverages
- RFID-enabled smart consumables
- Cartridge replacement as fast as ~3 seconds
- 8-oz cartridge vs. 1-3 gallon BIBs
- AI-powered personalization and optimization

## Built for Operators

- Integrated carbonation, chilling, and filtration
- Up to 70% reduction in storage and logistics footprint
- Designed for minimal maintenance and downtime
- Real-time data, analytics, and remote management
- Built-in CO<sub>2</sub> system (primary or backup)

## Technology

- Micro-dose system (~200:1)
- RFID-enabled cartridge system
- Premium alkaline water base
- True plug-and-play deployment
- Cloud-based fleet management

## Flavors & Enhancements

- **Water:** Unlimited alkaline still & sparkling mineral water
- **Flavors:** Lemon Lime, Blackberry Passionfruit, Mango, Cherry, Orange, Watermelon, Peach Ginger, Cranberry Raspberry & more
- **Coffee:** Cold brew, sparkling coffee, and hot
- **Tea:** Iced tea, green tea, and sparkling
- **Enhancements:** Energy, Immunity, Electrolytes, Prebiotics, Relaxation, sweetener.

## Specifications

|                        |   |
|------------------------|---|
| Footprint              | 20" W x 20.3" D x 18.7" H                       |
| Power                  | 120V - 60Hz 1ph                                 |
| Display                | 15.6" HD Touchscreen (180° visibility)          |
| Capacity               | Up to 6 active flavors + enhancements           |
| Cooling Technology     | SEC flash-immediate chilling (no tank)          |
| Carbonation Technology | Instantaneous (no carbonator)                   |
| Refrigerant            | R290a (3.175 oz.)                               |
| Filtration System      | 2 Internal Filters (sediment, carbon, alkaline) |
| Filter Capacity        | 5,000 Liters (1,320 Gallons)                    |
| Finishes               | White or Black                                  |
| ADA Compliant          | Yes   |

## From Beverage → Infrastructure

Each JuLi™ installation becomes a recurring revenue node, enabling a global shift away from outdated systems and bottled consumption.
